

## ARTIST BRIEF

Either together or independently we'd like you to create an artwork that responds to the townscape of Haddington or an artwork of Sir William Gillies - whether that is through drawing, painting or printmaking is up to you..

We're looking for creative partnerships that bring the generations together, mums and sons, Grand dads and granddaughters, Aunts & nephews, Nursery school and care home or any other combination

## ABOUT THE COMPETITION

During his time at Edinburgh College of Art as a tutor William Gillies influenced many young artists through his dedication and approach to making his paintings - in the same vein we thought it would be a tribute to his work to encourage different generations to create artworks together that celebrate Haddington, his home town or take inspiration from the work he created
